Stone Coated Metal Shingles

Stoneshield metal shingles are designed for homeowners who want the performance benefits of metal and the traditional looks of asphalt shingles. Strong and lightweight, Stoneshield shingles install easily without battens and can be installed directly over existing asphalt shingles, saving tear-off costs and landfill waste.

Product Details

- Constructed of 26 gauge Galvalume steel
- Available in 3 colors
- 24 shingles per square
- 12 shingles per bundle
- Average weight per shingle is 5 lbs

Benefits

- Lifetime transferable warranty
- Outstanding wind, fire, and impact resistance
- Can be installed over existing shingles
- 100% Recyclable
- Increases resale value

Product Comparison Chart

	Stoneshield	Asphalt	Wood Shake	Decra Metal Shingles
Wind Warranty	Lifetime 120 MPH	< 15 Years	No	50 Years 120 MPH
